

PUA

PUNTO UNICO DI ACCESSO

SINGLE ACCESS POINT

The Punto Unico di Accesso (PUA - Single Access Point) is a free service designed to welcome citizens, listen to them and offer them guidance and advice on the social welfare and social health services available in the Valle d'Aosta. Thanks to the PUA, it is possible to learn about the opportunities offered by the regional welfare system and receive up-to-date information on how to access services.

The PUA is made up of eight service points distributed throughout the territory, where qualified operators and social workers provide clear and reliable support, helping citizens understand the procedures and gather the necessary documentation.

WHO IS IT FOR AND WHAT DOES IT OFFER?

The PUA is at the service of minors, adults, the elderly, families and people with disabilities, who can receive assistance tailored to their needs. Using a simplified and organised approach, the PUA provides detailed information on:

- **service locations in the area**
- **institutional roles and contacts**
- **access criteria and costs**

The PUA helps citizens identify the services offered by public bodies, voluntary organisations, social cooperatives and other organisations, ensuring quick and easy access to the resources available.
